#### I. SUMMARY OF DEADLINES

Proposal Submission Deadline: 11<sup>th</sup> May 2024 Award of Contract: 13<sup>th</sup> May 2024

All deadlines are described in detail under section IX.

As part of the selection process, GAIN reserves the right to request clarifications regarding bids that substantially qualify. Questions in the technical review are at GAIN's discretion and will only be directed to bidders who have submitted substantially responsive bids.

The final award is subject to other terms and conditions included in this solicitation, as well as the successful final negotiation of all applicable terms and conditions related to the awarded contract.

#### II. ABOUT LSFF AND GAIN

The Large-Scale Food Fortification (LSFF) strategy is a cost-effective and proven method to combat micronutrient malnutrition by adding one or more essential nutrients to widely and regularly consumed foods during processing. Since 2002, GAIN has supported the roll-out of LSFF in approximately 40 low and middle-income countries. GAIN's support includes the rollout or expansion of LSFF programmes where there is a need and an appropriate food vehicle, technical assistance to improve compliance with existing national fortification standards and mandates, and monitoring and measurement of programmes. GAIN-supported LSFF programmes reach over a billion people annually. GAIN supports mandatory fortification of commonly consumed foods and condiments, including salt, edible oils, wheat flour, maize flour, and rice. GAIN supports the government in creating effective fortification policies and provides technical assistance to support the industry's ability to fortify. The consumption of fortified staples and condiments can play a major role in underpinning the prevention of micronutrient deficiencies across entire populations - particularly in women of reproductive age and adolescent girls - thus helping to address adequate nutrition during the critical periods of preconception and the 1,000-day window. GAIN and partners continue to drive new investments for fortification through global advocacy and generating evidence on the actual and potential contribution of fortification in the context of national nutrition strategies.

#### **About GAIN**

The Global Alliance for Improved Nutrition (GAIN) is a Swiss-based foundation launched at the United Nations in 2002 to tackle the human suffering caused by malnutrition. Working with governments, businesses, academia, and civil society, GAIN aims to transform food systems to make healthier diets from sustainable food systems accessible to all people especially those who are most vulnerable to shocks.

#### III. ASSIGNMENT BACKGROUND

In alignment with Nigeria's national guidelines on food fortification and safety, there is a pressing need to enhance the capacity of food safety inspectors. These professionals play a pivotal role in ensuring compliance within food production facilities, particularly concerning fortification standards, to safeguard public health. To address this need, an e-learning course will be developed, targeting inspectors responsible for assessing fortification compliance process monitoring, conducting audits, leading end-product inspections, and implementing enforcement measures.

#### IV. OBJECTIVES

The assignment will achieve the following objectives:

#### a. Overall

The primary objective of this consultancy is to develop an e-learning course curriculum and content to build the capacity of food inspectors and food auditors.

## b. Specific objectives

- 1. Equip food safety inspectors with comprehensive knowledge and skills to effectively monitor, audit, and enforce food fortification compliance in line with Nigeria's monitoring guidance documents.
- 2. Introduce inspectors to alternative methods for retrieving compliance information, including leveraging consumer groups and national databases.
- 3. Ensure that the training materials are accessible, engaging, and practical for online learning environments.

#### V. SCOPE OF WORK

- 1. Conducting a needs assessment to identify specific learning objectives and outcomes for the course.
- 2. Developing a detailed curriculum and course content that covers:
  - The principles and practices of food fortification compliance monitoring.
  - Audit procedures and end-product inspection techniques specific to food production facilities.
  - Enforcement measures and legal frameworks relevant to non-compliance.
  - Alternative methods for retrieving compliance information, such as through consumer groups and national databases.
  - Case studies and real-world scenarios to enhance learning and application of knowledge.
- 3. Ensuring the content is designed for an online learning platform, incorporating interactive elements such as quizzes, videos, simulations, and discussion forums.
- 4. Providing recommendations for course delivery, including the use of learning management systems (LMS), to facilitate easy access and user engagement.
- 5. Establishing mechanisms for monitoring, evaluation, and continuous improvement of the course based on feedback from participants and advancements in the field.

### VI. EXPECTED DELIVERABLES

- Incomplete proposals.
- Proposals that are not signed.

### XI. REVISIONS

Proposals may be revised by electronic mail provided such revision(s) are received before the deadline.

## 1. INSTRUCTIONS FOR RESPONDING

### a. Contact details for submitting the technical and financial proposals:

Submission of the technical proposal and the financial proposal should be made in a single email with the specifications below:

Submission type	Address	Subject
Soft Copy submitted by email	nquotation@gainhealth.org  cc: digelle@gainhealth.org	Consultancy on Development of E- Learning Course Curriculum and Content

Completed Proposals will comprise a technical proposal and a financial proposal. Both proposals should be submitted by email.

The proposal should include the contents below and not exceed 15 pages, excluding appendixes and CVs of consultant(s).

Cover page: Summary with basic information such as names, addresses, and contact information for the institution.

<u>Capacity Statement</u>: A brief capacity statement as to why the consultant(s) or institution (if a consultancy company is applying) is well-positioned to conduct this activity. This capacity statement should refer to the areas of expertise and qualifications of the candidate(s). The capacity statement should mention relevant work conducted.

<u>Design and methodology</u>: Outline the proposed activities (and outcomes), in line with the guidelines outlined above, and the specific methods to be used. This section should form the bulk of the proposal. GAIN is open to all suggestions. The technical proposal must clearly identify if and where the activity requirements may be difficult to fully satisfy and provide alternative suggestions that can achieve the above-listed requirements.

<u>Work Plan</u>: Proposed work plan broken down by weeks, which should include detailed activities and timeline. If more than one person is assigned to this consultancy, it should also include the time allocation of key personnel.

<u>Budget</u>: financial proposal broken down by phases and clearly separating the fees of the consultancy and other administrative costs related to each Objective.

In the appendix, the consultant should provide a track record of delivering similar assignments and provide references (contact information) of clients for whom similar work has been executed.

GAIN will not necessarily accept the lowest bidder or any proposals submitted except when the requirements are fully met.

## b. Proposal Completion

- Proposals must be submitted on the official letterhead of the consultant and must be signed by the applicant.
- In case of errors in calculating overall costs, the unit costs will govern.
- It is the applicant's responsibility to understand the requirements and instructions specified by GAIN. If clarification is necessary, applicants are advised to contact GAIN through the email <a href="mailto:ooyekenu@gainhealth.org">ooyekenu@gainhealth.org</a> and copy digelle@gainhealth.org.
- While GAIN has used considerable efforts to ensure an accurate representation in this RFP, the
  information contained in this RFP is supplied solely as a guideline. The information is not warranted to
  be accurate by GAIN; Nothing in this RFP is intended to relieve applicants from forming their own
  opinions and conclusions concerning the matters addressed in this RFP.
- By responding to this RFP, the applicant confirms their understanding of the RFP conditions; failing to comply may result in the disqualification of their submission.

#### c. Right of rejection

- GAIN reserves the right to reject any or all submissions or to cancel or withdraw this RFP for any reason
  and at its sole discretion without incurring any cost or liability for costs or damages incurred by any
  applicant, including, without limitation, any expenses incurred in the preparation of the submission.
- The applicant acknowledges and agrees that GAIN will not indemnify the applicant for any costs, expenses, payments, or damages directly or indirectly linked to the preparation of the submission.

#### d. References

GAIN reserves the right, before awarding the contract, to require the applicant to submit such evidence of qualifications as it may deem necessary, and will consider evidence concerning the financial, technical, and other qualifications and abilities of the applicant.

### e. Release of Information

After awarding the contract and upon written request to GAIN, only the following information will be released:

- Name of the successful bidder; and
- The applicant's own individual ranking.
