

## At BASF we create chemistry for a sustainable future

Our products and solutions are used in almost all industries. BASF is active in around 90 countries and employs more than 110,000 people worldwide.

We combine economic success with environmental protection and social responsibility.

We live our corporate purpose by:

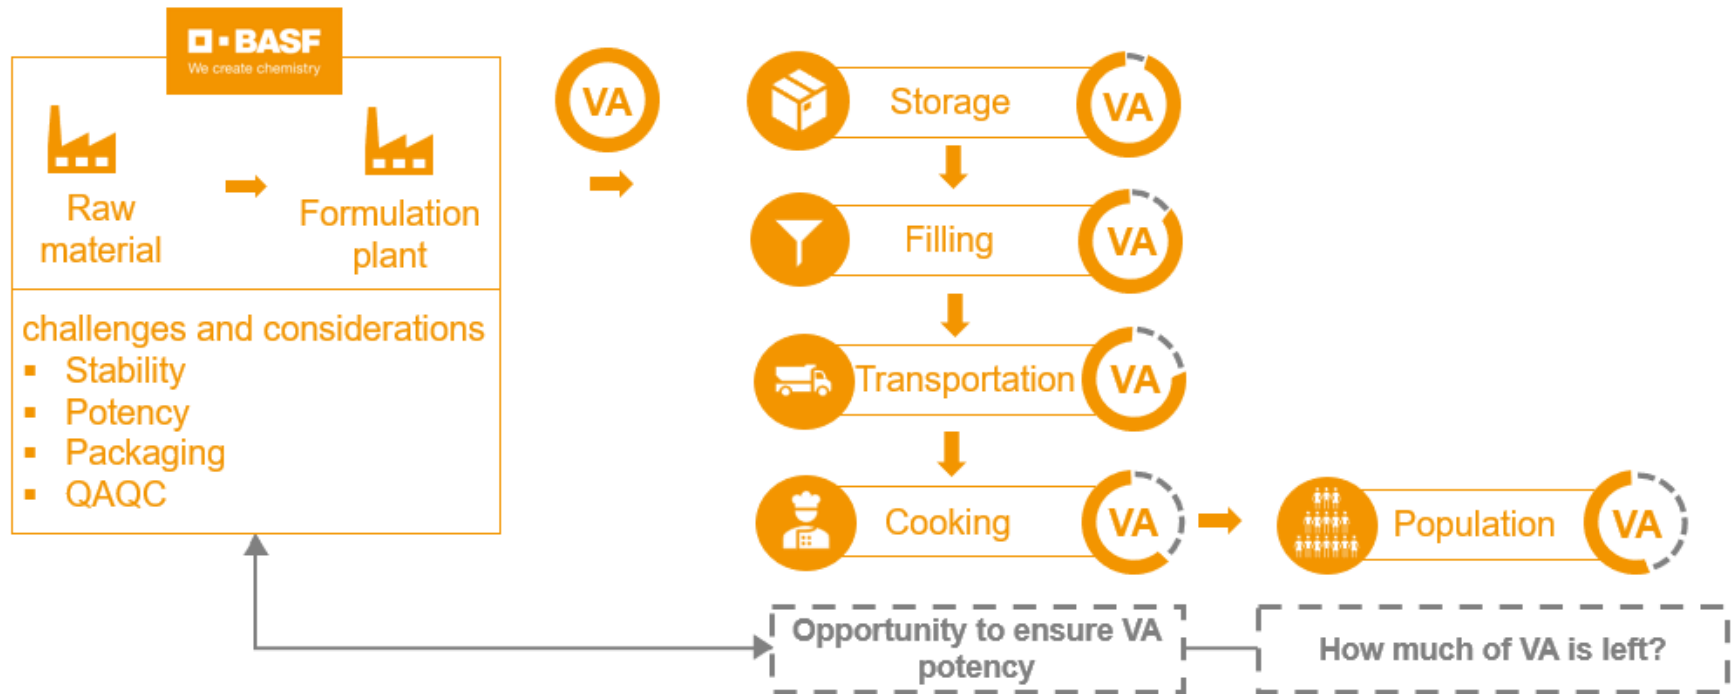

- Sourcing and producing **responsibly**
- Acting as a **fair and reliable partner**, and
- Connecting **creative minds** to find the best solutions for market needs

For us, that is what successful business is all about

# Challenges and opportunities in the current supply chain

# Food fortification improves health, education and productivity – if the quality is right
